2 **EXT. FOREST PARK - NIGHT**

2

T slowly moves in a corridor of trees. Above is a floating abyss of leaves and branches. SOMETHING is watching them from the abyss.

At a valley T stops to contemplate. Their clenched fist slowly loosens. A glow saturates T's face and the sun rises...

3 **EXT. FOREST PARK - DAY**

3

T explores the clarified forest; seeing ponds and railroad tracks. SOMETHING watches from afar.

T takes a rest on a log. Like the forest, T's admiration becomes deciduous. SOMETHING comes closer...

T hears a sound coming near. They look around but no one is there. Above, the sky returns to dark...

4 **EXT. FOREST PARK - NIGHT**

4

T can feel the SOMETHING watching them. T stares at the pitch black woods; SOMETHING stares right back; until two glowing red eyes reveal themselves!

T runs away but is grabbed by two long tree LIMBS. They're pulled back and tied onto a tree trunk. The two red eyes watch T struggle to get out.

A razor sharp limb strikes at T but T catches it inches from their eye; With all their strength T moves the limb away and towards the other tree limbs tying them up, cutting them off and escaping.

Another limb swipes at T, but they punch the tree limb! With their hand bleeding, T keeps running; the limbs follow.

T hides behind a giant rock. From afar a train horn HONKS. T turns to see a light glow. A scheme forms. T gets up and runs as fast as they can towards the railroad.

5 **EXT. RAILROAD TRACKS - NIGHT**

5

The limbs chase from behind trying to stab T. T persists quickly and crosses the tracks. An oncoming train HONKS loudly but T manages to make it to the other side.

The limbs are targeted at T, crossing the tracks they hear a HONK right next to them; the limbs turn right and see the train right in front of them.

SMASH! T hears the crushing sound of wood and keeps running.

6 **EXT. WOODHAVEN BOULEVARD - NIGHT**
